

### Distribution Organization Charts EMEA

Purpose of this document:

- This is a tool that helps Channel Marketing Managers explaining or understanding the Organization of the IT Distribution Channel.
- Charts are to be used for internal & external presentations.
- The flows between partner categories are not indicated, as they vary a lot according to the products, markets and companies.

#### How to use it

- the different levels marked with different colors correspond to the three levels in the distribution channel:
  - ➤ Manufacturers (in mauve)
  - > Distributors (in blue)
  - > Clients (in red)
- •the 2 color levels used correspond to
  - ➤ the brighter less presence on the market
  - > the darker more presence on the market
- this document can be used for
  - > a marketing purpose (distribution analysis)
  - ➤ a commercial purpose (sales optimization)
